The Landlord shall provide all necessary landlord-level consents, authorisations and documentation required for Change HK's licensing and operation of the student hostel.

REASONS FOR AND BENEFITS OF THE TRANSACTION

The Property is being renovated and converted into a student hostel in accordance with the HKSAR Government's "Hostels in the City Scheme". The Board considers that the entering into of the Operation Lease is in the ordinary and usual course of business of the Group and is on normal commercial terms. The Operation Lease allows the Group to leverage its expertise in property management and operation to generate stable operational income from the student hostel business, thereby creating value for the Company and its Shareholders. The entering into of the Operation Lease also represents a significant milestone for the Group, as it signals the Group's strategic entry into the Hong Kong property market. By establishing a presence in Hong Kong's property sector through the operation of the student hostel, the Group will be well-positioned to capitalise on the growing demand for student accommodation in Hong Kong, whilst also laying the foundation for the Group to explore further opportunities in the Hong Kong property market. The Board believes that this strategic expansion into Hong Kong will enhance the Group's geographical diversification, broaden its revenue base, and strengthen its long-term competitive position in the region.

The Directors (including the independent non-executive Directors) are of the view that the Operation Lease was entered into in the ordinary and usual course of business of the Group and on normal commercial terms or better to the Group, the terms of the Operation Lease are fair and reasonable and in the interests of the Company and its shareholders as a whole.
